### Solution

The error is resolved using the custom command:

```
uv run babeldoc --openai --openai-api-key "YOUR_KEY_HERE" --openai-model "gpt-4o-mini" --lang-in en --lang-out hi `  
--disable-rich-text-translate --no-auto-extract-glossary `  
--custom-system-prompt "Hindi only (Devanagari). No other scripts. Keep  
names/emails/URLs/citations unchanged. No code/JSON translation." `  
--files ..\Inputs\TowerMind.pdf --output ..\Outputs
```
